

JULY 2016 - 22455 Boca Rio Road, Boca Raton, FL 33433 - 561.483.5300

Thanks to The Jim Moran Foundation & Quantum Foundation, the Faulk Center for Counseling reached 400 children in our community!

Through our Schools Preventive Counseling Program, the Faulk Center helps children exhibiting behavioral or emotional difficulties who might not otherwise be able to access our services. Groups are held at local schools throughout the community over 8-16 week periods and children are identified by guidance counselors and teachers.

"The Faulk Center for Counseling has been an unbelievable partner to Hammock Pointe Elementary School by giving our children and families the outside help that they need. Kudos to your staff. Your doctoral interns this year were amazing. Hammock Pointe will be thrilled to work with as many doctoral interns that you are able to assign us next school year. Your program truly supports and nurtures the social, emotional and behavioral growth of our children." --Joni Webster, Certified School Counselor, Hammock Pointe Elementary School, June 2016

Boca Raton's Promise Sponsors Faulk Center's new discussion group "My Generation"

*Dating then & now -- Is social media a good or bad thing?
Bullying & Peer Pressure -- How gender roles have or have not changed?
-- Drugs and alcohol*

These are just a few of the topics that come up when seniors and teens come together at the Faulk Center to talk about their life experiences.

"I joined My Generation to experience the openness of being in a group. I am able to vocalize my thoughts on topics without judgment and see things through a different perspective. Even if a topic doesn't relate to me, I am able to speak freely and always leave feeling calm and less stressed. I am so glad to be a part of this group and thank Boca Raton's Promise for their generous support of My Generation. I look forward to attending again when school resumes."
--Taylor Cooper, 17, North Broward Preparatory School

Dr. Holly Katz &
Rita Thrasher

My Generation will resume in September. Participating teens receive community service hours. For more information, call 561-483-5300.
